

# Rainforest Coding Activity Help Sheets

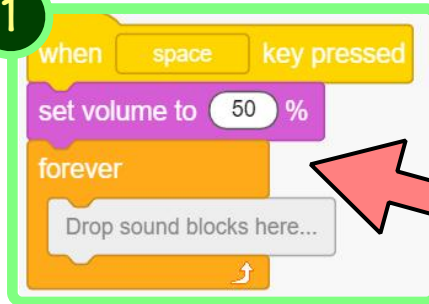

module 3

activity 9

The Dino Bot

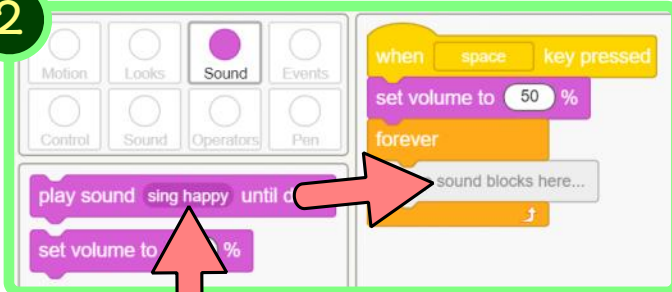

1

The pink and grey robots need to play a tune so the Dino bot will dance out of the way.

1) Both the grey and pink robot need these coding blocks to start their programs.

2

Next you can...

2) Drag the sound blocks inside the grey and pink robot's forever loop.

3) Change the block value to change the different sounds.

3

4

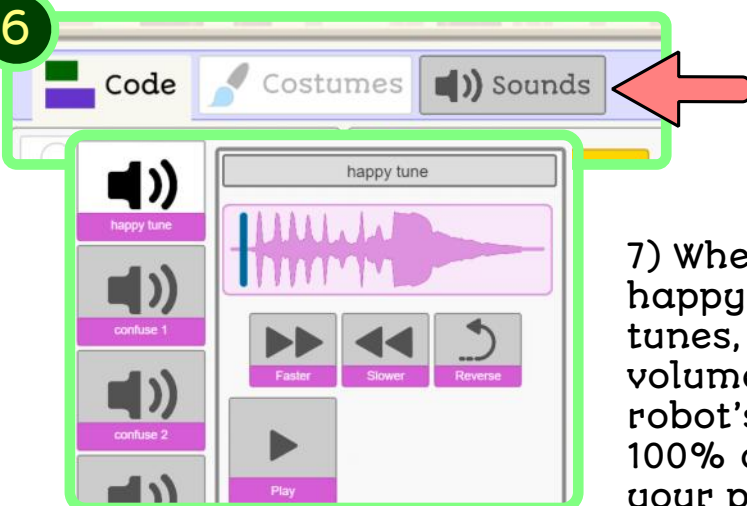

4) Press the space key to try your programs.

5

5) Press the octagon to stop the program.

6

6) Press the Sounds tab to edit the pink and grey robot's sounds.

7) When you are happy with your tunes, set the volume on both robot's code to 100% and run your programs.
